Hi,

I would like to nominate Theresa Gilbert for the Citizen Lawyer Award.

Theresa Gilbert has been a practicing attorney and member of the FCBA since 1990. She has served on the FCBA Board of Directors, as a previous president, and served as president of the WLA. Theresa devoted her entire years of practice to serving injured and disabled individuals through KY workers' compensation claims and social security disability, among many other fields of law. Since retiring, Theresa spends every Thursday volunteering her time at the free legal clinic. In the few years I have known her, she has taken on many claims pro bono just to help someone out. She is also a mentor for many young workers' compensation attorneys (& judges), as one of her previous employees now sits as an ALJ for workers' compensation claims.

If you need any other information, please let me know.

Thank you!

Haley Faulkner, Esq.
